About Me

As a graduate with a Bachelor's degree in Information Technology ,I am eager to launch my career in software development, Web development etc,. I bring a strong foundation in coding, problem- solving, and a passion for learning. My internship experience has exposed me to real-world programming challenges, and I'm excited to contribute my skills and enthusiasm to a dynamic team."
"

Experience

Asterisc Technocart (Intern)

During my time at Asterisc Technocart, I had the privilege of serving as an intern in Web Developer. This opportunity allowed me to work on a variety of tasks, including Personal portfolio website, Billing application and e commerce website.

VIEH group (Intern)

I have attened one-month internship adventure at VIEH group .This experience has been a fantastic stepping stone in my professional journey, and I'm excited to reflect on what I've learned.

Marcello Tech

One Week Internship Programme on "The Artificial Intelligence".

Projects

A Framework to Make Voting System Transparent Using Block chain Technology (working in progress).
